A Message from the Chief:

Welcome to San Francisco State University!
On behalf of the SF State University Police Department, I am pleased to present the 2016 Annual Security and Fire Safety Report which is compiled in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998.

As members of the SF State campus community, we all share the responsibility of maintaining a safe and healthy environment. Your safety while at San Francisco State University is the primary concern of the University Police Department.

The San Francisco State University Police Department operates 24 hours a day, seven days a week, year round. There are trained emergency dispatchers that answer the phones 24 hours a day and there’s always a Police Officer on duty who will respond to calls for assistance.

I hope you will read this report carefully and use the information to assist us in keeping our community safe, because safety is a shared responsibility.

If you would like additional information, please contact the University Police Department at 415-338-7200 or come by the Police Department building located on North State Drive. I also encourage you to access the University Police Department website at http://upd.sfsu.edu/.

Thank you for your interest,

Jason Wu
Assistant Vice President for Campus Safety & Chief of Police
Preparing the ASR

SF State Clery Review Committee

The Clery Review Committee was established for the purpose of conducting quarterly reviews of the University’s policies and procedures to ensure compliance with the Clery Act. The Clery Review Committee will adhere to applicable guidance related to the Clery Act in accordance with the Office of Postsecondary Education (OPE) handbook and the Uniform Crime Reporting Handbook to make certain that we are including all required disclosures in Annual Security Reports (ASR).

Additionally, the Clery Review Committee will follow written procedures that clearly describe the review process used to ensure that the University is reporting crime statistics consistently and accurately in annual security reports.

The Clery Review Committee shall consist of the following officials from offices with Clery Act responsibilities, and appropriate designees as noted:

- Associate Vice President for University Property Management or designee
- Associate Vice President for Human Resources or designee
- Assistant Vice President for Campus Safety & Chief of University Police or designee
- Director of Athletics or designee
- Director of Residence Life or designee
- Director of Student Conduct
- Manager for Equity Programs & Compliance
- UPD Records Supervisor

On a monthly basis (or as needed), the Clery Review Committee will conduct a meeting to review the University’s policies, procedures, and crime statistics with respect to Clery Act compliance in order to confirm that such policies, procedures, and statistics are accurate, comprehensive and effective. The Assistant Vice President for Campus Safety & Chief of University Police (or designee) or the Equity Programs Compliance Manager shall serve as the Clery Review Team Leader. The Clery Review Team Leader shall be responsible for preparing and setting the agenda for the monthly meeting, trainings, and requisite Legal Updates as described below.

Following the annual Kick-off meeting and Legal Update, the members of the Review Committee will conduct a separate review of each Clery Act compliance policy and procedure to determine whether it is current, comprehensive, effective, and consistent with Clery Act requirements. Assigned Review Committee members will design and draft any new policies or procedures that may be called for due to changes in law or the outcome of any Clery Act investigations of findings during the preceding year and shall revise and update the existing policies and procedures as may be necessary. This internal update of policies and procedures shall include, but is not limited to, the following:

- Clery Act Geography/Campus Mapping
- Gathering, Reporting, and validating Clery Crime Statistics
- Identifying Campus Security Authorities (CSAs)
- Obtaining Statistics from Local Law Enforcement
- Maintaining the Daily Crime and Fire Logs
- Emergency Response and Evacuation Procedures
- Timely Warning Policy and Procedures
The Clery Act reportable crime statistics for the University are collected and collated by the SF State Title IX office and the UPD. The Manager for Equity Programs & Compliance maintains & reviews Clery Act crime statistics for the Title IX office from incident reports submitted by our Campus Security Authorities. The UPD Records Supervisor maintains & reviews Clery Act crime statistics for the UPD from crime reports completed by UPD Police Officers and crime reports provided to the UPD by our neighboring law enforcement agencies with whom the University has established collaborative relationships. The Clery Review Committee will review Clery Act reportable crime statistics on an on-going basis at the monthly meetings for inclusion in the ASR.

It is of the utmost importance to the SF State that the ASR is published timely; that it is consistent with all Clery Act requirements, and that it contains all Clery Act required policy and procedure statements. To ensure complete compliance with the Clery Act, the Review Committee, in conjunction with the office of University Counsel, will finalize any updates, changes, or revisions to Clery Act policy and procedures in sufficient time to ensure inclusion in the ASR. The Review Committee shall submit all approved Clery Act policy and procedures for each calendar year to the Equity Programs & Compliance Manager and the UPD, in order to ensure inclusion in the ASR. The Equity Programs & Compliance Manager and UPD shall be responsible for confirming and ensuring that all approved, required and necessary Clery Act policy and procedure statements are included and submitted for publication in the ASR.

SF State University prepares this report to comply with federal law, specifically The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). The Clery Act requires that all universities that participate in federal financial aid programs provide their campus communities with the Annual Safety, Security and Fire Report which contains crime statistic information and important safety policies. It also requires the University to publicly display fire safety information and statistics for on-campus student housing facilities.

Of equal importance are the safety policies and guidance contained within this report, which allows individuals to make informed decisions about their own personal safety and to enhance the safety of the community through their actions.

Reporting Emergencies and Crimes

Timely Warning Policy

In the event that a situation arises, either on or off campus (in Clery geographic area: on-campus, non-campus, or public property), that, in the judgment of the Assistant Vice President for Campus Safety & Chief of Police (or designee) and the Vice President for Student Affairs & Enrollment Management & Title IX Coordinator & DHR Administrator (hereafter referred to as “VPSAEM”), constitutes an ongoing or imminent threat to community safety and welfare, a campus wide “timely warning” notice will be issued.

The University Police Department will conduct an assessment on a case-by-case basis of Clery reportable crimes to consider if there’s an imminent threat to the safety and welfare of the campus community. In all situations that could pose an immediate threat to the community and individuals, the University Police Department will prepare a Timely Warning notice to be distributed via email by the VPSAEM to all SF State students, faculty and staff. The Vice President or designee will utilize the Blackboard Connect interface to send the message providing the university community with immediate notification.

A copy of the Timely Warning will also be posted on the University Police web site at: http://upd.sfsu.edu/timely-warnings.

Anyone with information warranting a timely warning should report the circumstances to the University Police Department by phone (415-338-2222), email upd@sfsu.edu, or in person at the dispatch center with the University Police Department on North State Drive (the north west side of campus).

Police Activity Daily Crime Log

The University Police Department maintains a daily activity crime log of all crimes reported to the department. The log is available for viewing on our website at [http://upd.sfsu.edu/crimelog](http://upd.sfsu.edu/crimelog). The log covers the past 60 days. Incidents are posted to the Log within 48 hours of occurrence. If a case disposition changes, it will be reflected in the log within 48 hours. If an arrest is made, the arrest information will be posted directly below the corresponding incident. Arrest information older than the 60-day log period is considered criminal history and is not available for public viewing.

Reporting Sex Offenses to University or Local Police

If a victim makes a report of a sex offense as enumerated in California Government Code § 6254(f)(2) to local or University Police, the police are required to notify the victim that their name will become a matter of public record **unless confidentiality is requested**. If a victim requests that their identity be kept confidential, their name will not become a matter of public record and the police will not report the victim's identity to anyone else at the University, including the Title IX Coordinator & Discrimination, Harassment, and Retaliation (DHR) Administrator. University Police will, however, report the facts of the incident itself to the Title IX Coordinator & DHR Administrator being sure not to reveal the victim’s name/identity, or compromise their own criminal/police investigation. The victim’s identity may not be disclosed to local law enforcement unless the victim consents after being informed of their right to have identifying information withheld. If a victim does not consent, the alleged assailant’s identity may also not be disclosed to local law enforcement.

Victims have rights under Title IX, VAWA/Campus SaVE Act and related legislation, and any available resources, such as counseling, health, and mental health services, as well as the right to file a complaint with University and/or local law enforcement. Regardless of whether victims wish to remain confidential, victims receive information on how to report to law enforcement and to the Title IX Coordinator & DHR Administrator. The Title IX Coordinator & DHR Administrator provides interim remedies, if requested and available, regardless of whether the victim chooses to report the conduct to University police or local law enforcement.

Confidential & Anonymous Reporting Procedures

If you are the victim of a crime and do not want to pursue action within the University system or the criminal justice system, you may still consider making a confidential or anonymous report. Victims or witnesses who wish to report crimes on a voluntary, anonymous basis for inclusion in the annual disclosure of crime statistics may do so by calling our Anonymous Tip Line at 415-338-3030, by calling our Investigations Division at 415-338-3006, or by sending an email to the general UPD email address [upd@sfsu.edu](mailto:upd@sfsu.edu).

You may also submit an anonymous tip via the UPD Anonymous Tip Reporting form which can be found at [http://upd.sfsu.edu/html/anontip](http://upd.sfsu.edu/html/anontip).

The purpose of confidential reporting is to comply with a person’s desire to keep the matter confidential, while taking steps to ensure for future safety. The purpose of anonymous reporting is to comply with a person’s desire to maintain their anonymity, while taking steps to ensure for the safety of the campus community. With such information, the University can keep an accurate record of the number of incidents involving community members, determine where there is a pattern of crime with regard to a particular location, method or assailant, and alert the campus community of potential threats. It is our goal to provide assistance wherever the report is made to make sure we include the crime in our annual security report.
SF State directs students to the S.A.F.E. Place which is the campus resource center for sexual violence prevention and crisis intervention. The S.A.F.E. Place advocate will accept confidential reports of sexual violence and other Clery Act related crimes and will alert University Police Department to any potential threats to the campus community.

SF State is a community of more than 30,000 faculty, staff and students located in the City and County of San Francisco. In addition to the main campus, SF State maintains a downtown teaching center and remote research facilities located in Tiburon and Sattley, California. While we do not employ University Police Officers at these locations, we maintain a collaborative and reporting relationship with the law enforcement agencies at these sites and will coordinate with the local law enforcement agency if a security issue arises.

On the main campus, to minimize the number of criminal incidents, a competent Residence Life staff, professionally trained University Police Officers, students, and members of the wider campus community participate in a number of shared responsibilities to insure that the campus community and their possessions are protected as much as possible.
**Campus Security and Access**

**Policies & Procedures Concerning Security, Access and Maintenance of Campus Facilities**

All buildings except the library will be secured by the University Police Department by 11:00 P.M. on weekdays and 5:30 P.M. on weekends per University Executive Order #94-17. We recognize that there will be some need for after hour and weekend access to buildings. After hours, a faculty or staff I.D. is required. Anyone working late or on weekends should notify the University Police Department. Students working in the building after hours are required to have in their possession a student pass (authorized by college deans) along with photo identification. Holiday access is treated as weekend access. University Executive Directive #94-17 can be accessed directly here [UED 94 17 0.pdf](#).

Access to University Housing facilities is limited to residents, escorted guests and University staff. Entry is monitored on 24-hour basis through a combination of card-key security systems, hard keys, door prop alarms and on-duty Residential Life personnel. The campus facilities are maintained by Plant Operation and patrolled by the officers of the University Police Department. The Police Officers and Community Service Officers regularly test the emergency phones and submit work orders for repair, recommend the trimming of shrubbery for safety reasons and conduct periodic lighting surveys. Officers report the need for replacement of lights and any other physical hazards they notice. Periodic crime prevention surveys are conducted when a crime trend occurs or upon physical changes of office space and equipment when requested by an administrator. The majority of campus buildings are equipped with card key access that is controlled by an access administrator. Many offices, labs, computer rooms and areas of campus have security alarms.

Lighting improvements are constantly being evaluated. Improvements have included the placement of high intensity sodium vapor lights in buildings, in parking lot areas, in areas with heavy landscaping and trees, and along pathways frequently traveled by students. Outdoor courtesy telephones are located at the entrances of all University Housing facilities and at many locations throughout the campus. All emergency telephones are connected directly to the University Police Department.

**Safety and Security in the Residential Community Access and Maintenance**

**Core Campus**

SF State offers two traditional residence halls and has two multi-story complexes, which provides on-campus housing for approximately 2500 students. All buildings are owned and managed by San Francisco State University. Security safeguards within the residence community include restricted access, video surveillance and external door prop alarm systems. Crime prevention programs include orientation workshops, individual floor meetings, residential community-wide presentations and educational programs. All of the core campus residential buildings (Mary Ward Hall, Mary Park Hall, Village, Towers, and the Towers Jr. Suites) have 24-hour front desk staffing as extra safety coverage.

Professional Residential Life Area Coordinators and student Resident and Community Assistants, who are all members of the University Housing staff, live on campus and provide 24-hour staff coverage. Student room doors should be locked at all times even when occupied. Residents with automobiles may park them in Lot 25 after purchasing a semester or daily permit. Most importantly, residents are reminded to observe building security procedures and to notify Residential Life staff or the University Police Department of any unfamiliar faces or unusual incidents within either the residence halls or apartments. In 2004, Residential Life implemented an in-house Residential Life Conduct process for alcohol and drug violations. In 2013, the Health Promotion & Wellness Department launched a web-based sexual assault prevention and alcohol abuse awareness online program called Campus Clarity. All first year students including transfer and graduate students are required to take this program.
All Residential Life staff members in the residence community undergo comprehensive training each semester for both prevention and response regarding safety/security issues. As part of their responsibility for campus security, both student and professional staff participate in lectures and seminars, including first aid and CPR training, issues with substance abuse, education and prevention of sexual assault, and general community security.

**Mary Ward and Mary Park Halls**

The Residence Halls are primarily reserved for incoming freshmen. University Housing offers a wide variety of programs. Most rooms are double occupancy and when requested, ADA accessible single rooms are available. The rooms are furnished with a bed, closet space, desk, chair and drawers for each resident. Each room has a cable TV outlet providing basic cable programming, power outlets, phone jacks with one phone instrument and 10baseT Ethernet jacks. Residents are allowed to bring or rent a small refrigerator and/or microwave to use in their rooms. Each resident in the Residence Halls is required to purchase a meal plan with; 10, 15 or 19 meals a week.

**Towers at Centennial Square**

The “Towers” is a 15 story apartment building which houses first year students enrolled in Residential Learning Communities. The apartments are fully furnished, one or two bedroom, double occupancy, units with a kitchenette, living room and bathroom. Each bedroom has a cable TV outlet providing basic cable, power outlets, phone jacks with one phone instrument and 10baseT Ethernet jacks for both residents. There is card access to the exterior doors and 24-hour front desk employees.

The building has a staff of student Resident Assistants and a full time professional Residential Life Area Coordinator. Resident or Community Assistants are available to provide help in anything from roommate conflicts to directions on how to get to the nearest supermarket. RA’s work closely with their residents to make sure the residents are academically and socially successful.

Exterior doors are monitored with prop alarms, key and card access. There are two to three Resident Assistants on duty each evening Sunday through Thursday night and 24 hours starting Friday at 5pm to Monday mornings. Staff members provide evening rounds and enforce University and Housing policy. There are two live-in professional staff members on duty each night and one Director level professional staff member on duty each night.

**The Village at Centennial Square**

The Village at Centennial Square provides housing for 760 single freshmen and sophomore students at San Francisco State University. In addition, the Village community includes 12,000 square feet of retail space for restaurants and shops, as well as the Student Services Building and the Student One Stop Office. The Village name reflects a philosophy of easy student access to services with its design approach of a low-rise profile, linked courtyard, canopied walking areas and numerous community activity and study areas.

The Village offers single and double occupancy rooms in its three bedroom apartments and double occupancy rooms in the two bedroom apartments. Spaces are filled on a first come, first served basis. Residents are first and second year students and must be enrolled at San Francisco State University, carrying a minimum of 12 semester units. All apartments are fully furnished and have cable TV outlets providing basic cable, power outlets, phone jacks with one phone instrument and 10baseT Ethernet jacks. Each apartment has a full kitchen with stove, refrigerator, dishwasher, microwave, and garbage disposal. ADA accessible units are available throughout the complex.
Entrances to the Village are protected by a card access system that enables only residents or authorized personnel to open the doors.

The Village has a Residential Life staff consisting of a full-time professional live-in Area Coordinator, two assistant Area Coordinators and sixteen Residential Assistants.

Overview and Jurisdiction

Enforcement Authority

The San Francisco State University campus is under the primary jurisdiction of the California State University Police Department as described in section 89560 of the California Education Code and section 830.2 (c) of the California Penal Code.

To comply with the Clery Act, crime statistics for public property adjacent to the University are requested from and provided in part by the San Francisco Police Department and the Marin County Sheriff’s Office who are the agencies whose jurisdictions incorporate the immediate campus and/or non-campus properties and facilities of San Francisco State University and the radius around these properties.

Professional Standards: Our Commitment to the Community

The statistics (located on page 6) are provided as part of San Francisco State University’s commitment to safety and security of our campus and facilities, and to comply with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crimes Statistics Act.

A complete breakdown of these statistics and statistics of criminal activity for other California State Universities can be found on the website of the Department of Education, Office of Postsecondary Education at [http://ope.ed.gov/security](http://ope.ed.gov/security).

Campus Law Enforcement Information

Campus safety and security is coordinated by the University Police Department, located on North State Drive, near Lot 20. The department is budgeted for a force of 29 sworn officers with full arrest powers and has 38 non-sworn support employees.

Officers meet all the requirements set forth by the Commission on Peace Officer Standards and Training (P.O.S.T.), which sets the standards for all California law enforcement officers. In addition, California State University Police Officers undergo training specially designed to meet the needs of the campus community. Our police officers are graduates of the California P.O.S.T. Academy and undergo continued training to upgrade their skills. All sworn officers have been trained in first aid and cardiopulmonary resuscitation and are authorized to enforce all regulations on the University campus and an immediate one-mile radius. In some instances, police powers extend statewide. University Police officers are armed with firearms. They conduct foot, vehicular and bicycle patrols on campus and in the Residence communities 24-hours a day.
Administrative Agreement between SF State UPD and SFPD

We enjoy a good working relationship with all neighboring police agencies. University Police officers work closely with the San Francisco Police Department (SFPD), agencies near our branch sites, and other law enforcement agencies to assist with incidents involving campus community members that may occur off campus.

The University Police Department and SFPD have mutual aid and working agreements. Each department augments the other within their jurisdictions during mutual investigations, arrests and prosecutions. The University Police Department is responsible for processing, investigating and prosecuting all crimes committed on SF State property and grounds owned, operated, controlled or administered by the California State University except the following: homicide, suicide, and those death cases deemed suspicious by the Medical Examiner of San Francisco.

The Memorandum of Understanding (MOU) between the University Police Department and SFPD promotes collaboration, and enhances the reporting, investigation and appropriate response to sexual assault and other Clery Act crimes. The primary purpose of the MOU is to promote compliance with the numerous state and federal laws that provide specific requirements related to these issues, as outlined in California Education Code Sections 67380, 67381 (the Kristin Smart Campus Safety Act of 1998) and 67383; SB 967 (de León, 2014), specified in California Education Code Section 67386; the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the “Clery Act”) and Title IX of the Higher Education Amendments of 1972 (“Title IX”), as well as the California Penal Code and applicable state laws related to health and confidentiality/privacy. By this agreement, the UPD may call upon the San Francisco Police Department to assist in the handling of major crimes, including but not limited to Part 1 violent crimes as defined in California Education Code Section 67381.

Additionally, the purpose of the MOU is to meet the statutory requirements established by AB 1433 (Gatto, 2014), specified in the California Education Code (§ 67383(a) and § 67381), requiring covered institutions to adopt and implement written policies and procedures to ensure that reports of Part 1 violent crimes, hate crimes or sexual assaults are immediately, or as soon as practicably possible, disclosed to local law enforcement.

Firearms and Dangerous Weapons

Firearms and other dangerous weapons of any kind are not permitted on campus or in the residential community (California Penal Code, Section 626.9, Section 626.10 and Section 12025). Faculty, students, employees and visitors are strictly prohibited by State law from intentional use, possession, or sale of firearms or any other dangerous weapon or explosives, or any item presented to be construed as such, on campus or any property owned by the University or under the University’s control.

This prohibition applies to any individual regardless of whether a federal or state license has been issued, other than sworn law enforcement officers engaged in official duties.
Campus Security Authorities

Although SF State encourages the reporting of campus criminal activity directly to the University Police Department, in some instances members of the campus community may notify one of the other campus security authorities about a crime. Crime statistics are gathered from SF State’s campus security authorities and are included in our annual security report.

A Campus Security Authority (CSA) is defined as “An official of an institution who has significant responsibility for student and campus activities, including but not limited to, student housing, student discipline, and campus judicial procedures.” Individuals may be designated as CSAs if their official job responsibilities involve significant interaction with student and/or campus activities; serve as formal or unofficial mentors to students, serve as a member in an office or of a committee to whom students are instructed or informed to report or discuss crimes, allegations of crimes and other troubling situations; or have oversight for disciplinary procedures.

At SF State, in addition to University police officers, campus security authorities include: Housing & Residential Life Professional Staff, Resident & Community Assistants, Student Health Staff, Athletic Coaches, Trainers and staff members, Office of Student Affairs & Enrollment Management staff, Faculty Student Organization Advisors, the Dean of Students staff, the Director of Student Involvement, and Title IX staff. For contact information regarding personnel in these various positions, visit SF State’s A to Z Directory at http://www.sfsu.edu/atoz/.

SF State provides a CSA Incident Reporting form to assist CSA’s in fulfilling their CSA-related reporting duties on an ongoing basis and in a timely manner. CSA’s may obtain the CSA Incident Reporting form at http://upd.sfsu.edu/sites/default/files/assets/clery/CSAIncidentReportingForm.pdf. They may also access the SF State CSA Incident Report form on the University Police Department and SF State Title IX websites.

For additional reference, community members can obtain the SF State CSA brochure at http://upd.sfsu.edu/sites/default/files/assets/clery/SFSUCSABrochure.pdf. The CSA brochure is also available on the UPD and SF State Title IX websites.

Crime Prevention

Crime Prevention Unit

The University Police Department is committed to contributing to the welfare of the campus community. The University Police Department supports this commitment through programs designed to anticipate, recognize, and appraise crime risks, and that initiate action to reduce those risks. These programs attempt to promote community involvement and support of activities that address community perceptions and misperceptions of crime.

Crime Prevention Function Initiatives:

1. The department’s crime prevention function is a shared responsibility of all employees, but specific duties are assigned to the Commanding Officer of Investigations/Crime Prevention and the Investigations unit personnel.
2. The department’s crime prevention function provides for the following:
   a. Targeting crime prevention programs based on the type of crimes that are occurring and location of those crimes as the result of an analysis of crime data by Department Investigators or other department employees;
b. Targeting crime prevention programs to address community perceptions or misperceptions of crime; and

The Commanding Officer of Investigations or his/her designee will prepare a comprehensive written evaluation of the agency’s crime prevention programs, at least once every four years.

Crime prevention activities shall include safety presentations to:
1. University departments and office areas;
2. Campus Housing;
3. Fraternities and Sororities;
4. Campus clubs and organizations; and
5. Other interested groups.
6. New student and employee orientations.

For 2015, the UPD Crime Prevention Unit conducted 60 crime prevention activities around the campus community (which includes presentations and tablings).

Community education presentations will include sexual assault and acquaintance rape prevention, alcohol and drug abuse, bicycle safety, general campus safety and security, workplace violence, home, campus housing and office security, personal safety, self-defense training and theft prevention. The Crime Prevention unit will maintain a Community Engagement log in the Investigations Office to document all programs presented to the campus community.

Additionally, members of the University Police Department are available at any time to provide presentations to staff, faculty and students on topics such as: Personal Safety, Sexual Assault Prevention, Prevention of Auto Theft and Auto Burglary, Dealing with Distressed Individuals, Emergency Preparedness, Safety Presentations for Children and Parents, Laptop Safety, Fraud Prevention, Public Transportation Safety, Senior Citizen Safety and many other topics related to protecting personal and state property.

We do encourage participation in our crime prevention programs and ask for your assistance in keeping our community safe. If you would like to schedule a Crime Prevention Presentation, please call our Crime Prevention Coordinator at 415-338-2226. Crime Prevention Brochures are available on our website at: http://www.sfsu.edu/~upd.

When time is of the essence, information is released to the university community through security alerts/bulletins posted prominently throughout campus or placed on university websites. A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others. If you see something suspicious or out-of-the-ordinary, say something by contacting the police.

The Office of New Student Programs

Orientation is an important aspect in helping new SF State students prepare for college success. The Office of New Student Programs will offer guidance and resources that can help students get started at SF State. Orientation is a collaborative effort consisting of academic counselors, student leaders, and many student service staff members and partner departments.
The University Police Department is involved in the orientation of new students and their parents. Orientation programs stress safety measures and general crime prevention strategies. Additionally, police personnel are often invited to speak in courses to provide an overview of the University Police Department, the services provided, current crime issues, and crime prevention strategies. The following link will take you to the New Student Programs website for more detailed information, http://newstudentprograms.sfsu.edu/home.

**Campus Alliance for A Risk-Free Environment (C.A.R.E.)**

The University Police Department provides an escort program called C.A.R.E. The C.A.R.E. team members provide personal escorts and additional building security during evening and nighttime hours. Team members are available to escort students, faculty and staff to and from their classroom, laboratory or office, automobile, campus housing or any other location within a reasonable distance to campus. The C.A.R.E. program is a student security program which supplements the police department. Call x87200 or 415-338-7200 for an escort or visit the website at http://upd.sfsu.edu/html/care for more information.

**Lost and Found**

The University Police Department is the central repository of all found property. The Lost and Found office can be reached at 415-338-2306 and the link to the website is http://upd.sfsu.edu/html/lost-and-found.
Controlled Substances and Alcohol

SF State is committed to a safe and healthy environment for the campus community. The use of alcohol and other drugs should not interfere with the university's educational mission. The university expects every student, faculty member, staff member, and administrator to be aware of and comply with all local, state, and federal laws regarding the unlawful possession, distribution, or use of illegal drugs and alcohol.

The University Police Department strictly enforces Federal and State laws, as well as the University’s zero-tolerance policy, for the use and sale of illegal drugs. It is SF State policy that the unlawful manufacture, distribution, dispensation, possession, or use of illegal drugs on the university campus, or at any university-sponsored event off campus, is prohibited. The possession, transportation and/or consumption of alcohol by individuals under 21 years of age is strictly prohibited. Alcoholic beverages may not be consumed in public areas and must be concealed and not in plain view when transported in the Residence Community. Residents in the Residence Community under the age of 21 years of age are not permitted to host guests or residents of any age who are in possession of alcohol in their room/apartment.

Violators are subject to discipline through the Student Conduct process, criminal prosecution and removal from University housing. Parents or guardians may be notified about any disciplinary violation involving alcohol or a controlled substance that has been committed by a student who is under the age of 21. Student Affairs & Enrollment Management provides support services for students who are grappling with substance abuse through Counseling & Psychological Services, and prevention services and activities through Health Promotion & Wellness.

Employees may not use illegal substances, or abuse legal substances, including alcohol, in a manner that impairs performance of assigned tasks. Employees in violation of the University alcohol and drug policies may be subject to corrective action, dismissal, requirement to participate fully in an approved counseling or rehabilitation program, or other applicable legal sanctions under local, State and Federal laws.

Definitions

A full list of Title IX terms and definitions can be found at http://titleix.sfsu.edu/content/terms-definitions.

Sexual Misconduct

Sexual Misconduct: All sexual activity between members of the CSU community must be based on Affirmative Consent. Engaging in any sexual activity without first obtaining Affirmative Consent to the specific activity is Sexual Misconduct, whether or not the conduct violates any civil or criminal law.

Sexual activity includes, but is not limited to, kissing, touching intimate body parts, fondling, intercourse, penetration of any body part, and oral sex. It also includes any unwelcome physical sexual acts, such as unwelcome sexual touching, Sexual Assault, Sexual Battery, Rape, and Dating Violence. When based on Gender, Domestic Violence or Stalking also constitute Sexual Misconduct. Sexual Misconduct may include using physical force, violence, threat, or intimidation, ignoring the objections of the other person, causing the other person’s intoxication or incapacitation through the use of drugs or alcohol, or taking advantage of the other person’s incapacitation (including voluntary intoxication) to engage in sexual activity. Men as well as women can be victims of these forms of Sexual Misconduct. Sexual activity with a minor is never consensual when the Complainant is under 18 years old, because the minor is considered incapable of giving legal consent due to age.

1. Sexual Assault is a form of Sexual Misconduct and is an attempt, coupled with the ability, to commit a violent injury on the person of another because of that person’s Gender or sex.
2. **Sexual Battery** is a form of Sexual Misconduct and is any willful and unlawful use of force or violence upon the person of another because of that person’s Gender or sex as well as touching an intimate part of another person against that person’s will and for the purpose of sexual arousal, gratification, or abuse.

3. **Rape** is a form of Sexual Misconduct and is non-consensual sexual intercourse that may also involve the use of threat of force, violence, or immediate and unlawful bodily injury or threats of future retaliation and duress. Any sexual penetration, however slight, is sufficient to constitute Rape. Sexual acts including intercourse are considered non-consensual when a person is incapable of giving consent because s/he is incapacitated from alcohol and/or drugs, is under 18 years old, or if a mental disorder or developmental or physical Disability renders a person incapable of giving consent. The Respondent’s relationship to the person (such as family member, spouse, friend, acquaintance or stranger) is irrelevant. (See complete definition of Affirmative Consent above.)

4. **Acquaintance Rape** is a form of Sexual Misconduct committed by an individual known to the victim. This includes a person the victim may have just met; i.e., at a party, introduced through a friend, or on a social networking website. (See above for definition of Rape.)

**Affirmative Consent**

Affirmative Consent means an informed, affirmative, conscious, voluntary, and mutual agreement to engage in sexual activity. It is the responsibility of each person involved in the sexual activity to ensure that they have the Affirmative Consent of the other participant(s) to engage in the sexual activity. Lack of protest or resistance does not mean consent nor does silence mean consent.

Affirmative Consent can be withdrawn or revoked. Affirmative Consent cannot be given by a person who is incapacitated.

A person with a medical or mental Disability may also lack the capacity to give consent.

Sexual activity with a minor (under 18 years old) is never consensual because a minor is considered incapable of giving legal consent due to age.

**Dating Violence**

Dating Violence is abuse committed by a person who is or has been in a social or dating relationship of a romantic or intimate nature with the victim. This may include someone the victim just met; i.e., at a party, introduced through a friend, or on a social networking website. For purposes of this definition, “abuse” means intentionally or recklessly causing or attempting to cause bodily injury or placing another person in reasonable apprehension of imminent serious bodily injury to himself or herself, or another. Abuse does not include non-physical, emotional distress or injury.

**Domestic Violence**

Domestic Violence is abuse committed against someone who is a current or former spouse; current or former cohabitant; someone with whom the Respondent has a child; someone with whom the Respondent has or had a dating or engagement relationship; or a person similarly situated under California domestic or family violence law. Cohabitant means two unrelated persons living together for a substantial period of time, resulting in some permanency of relationship. It does not include roommates who do not have a romantic, intimate, or sexual relationship. Factors that
may determine whether persons are cohabiting include, but are not limited to: (1) sexual relations between the Parties while sharing the same living quarters; (2) sharing of income or expenses; (3) joint use or ownership of property; (4) whether the Parties hold themselves out as spouses; (5) the continuity of the relationship; and, (6) the length of the relationship. For purposes of this definition, “abuse” means intentionally or recklessly causing or attempting to cause bodily injury or placing another person in reasonable apprehension of imminent serious bodily injury to himself or herself, or another. Abuse does not include non-physical, emotional distress or injury.

**Stalking**

*Stalking* means engaging in a repeated Course of Conduct directed at a specific person that would cause a Reasonable Person to fear for his/her or others’ safety or to suffer Substantial Emotional Distress. For purposes of this definition:

1. **Course of Conduct** means two or more acts, including but not limited to, acts in which the stalker directly, indirectly, or through Third Parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property;

2. **Reasonable Person** means a reasonable person under similar circumstances and with the same Protected Status(es) as the Complainant;

3. **Substantial Emotional Distress** means significant mental suffering or anguish that may, but does not necessarily require medical or other professional treatment or counseling.

**Reporting**

The University encourages all individuals who believe they have been the victim of sexual assault to promptly report the incident, including date or acquaintance rape to the University Police Department, the local police (if off-campus), University faculty or staff members or the SF State Title IX Coordinator at 415-338-7313. The victim should make every attempt to preserve any physical evidence of the assault. This may include a voluntary medical exam, not showering or disposing of any damaged clothing and bedding or other items that are present after/during the assault. Save clothing and/or any other evidence in paper bags. Victims are encouraged to call any law enforcement agency by calling 9-1-1 after a sexual assault for criminal investigation, referral or transport for medical treatment and referral to crisis counseling and legal advocacy.

Victims are encouraged to make their reports to the designated Title IX Coordinator or any of the Deputy Title IX Coordinators. **If a victim is in the midst of an emergency, they are advised to call the police immediately by dialing 911.**

Once a concern has been raised, SF State will follow its established procedures which are based on CSU Executive Orders 1096 and 1097 to address complaints of discrimination, harassment or retaliation made by students against the CSU, a CSU employee, other CSU students or a third party. The victim may complete the form below to begin the process of reporting a concern. Once completed, the victim can bring it to the Title IX Coordinator or any Deputy Coordinator.

**Student Complaint Form For Discrimination/Harassment/Retaliation Complaints**

**Employee and Third Party Complaint Form For Discrimination/Harassment/Retaliation Complaints**

Except in the case of a privilege recognized under California law (examples of which include Evidence Code §§1014 (psychotherapist-patient); 1035.8 (sexual assault counselor-victim); and 1037.5 (domestic violence counselor-victim)), any member of the University community who knows of or has reason to know of sexual discrimination allegations shall promptly inform SF State’s Title IX Coordinator.

Regardless of whether an alleged victim of sexual discrimination ultimately files a complaint, if the campus knows or has reason to know about possible sexual discrimination, harassment or violence, it must review the matter to determine if an investigation is warranted. SF State must then take appropriate steps to eliminate any sex discrimination/harassment, prevent its recurrence, and remedy its effects.

**Confidentiality**

Whether and the extent to which a University employee may agree to maintain confidentiality following notice of an incident of sexual harassment, sexual misconduct, dating or domestic violence, or stalking depends on the employee’s position and responsibilities at the University.

Communications with physicians, psychotherapists, professional, licensed counselors, and clergy are considered Privileged and Confidential Communications. The professionals listed above may not report any information about an incident of Sexual Violence to anyone else at the University, including the Title IX Coordinator, without the consent of the victim.

If a report is made to local or University Police, the police are required to notify the victim that their name will become a matter of public record unless confidentiality is requested. If confidentiality is requested, the police will not report the victim’s identity to the University. University Police will, however, report the facts of the incident to the Title IX Coordinator without revealing the victim’s identity or compromising their own criminal investigation.

University employees have a duty to report to the Title IX Coordinator all relevant details about any sexual violence of which they become aware. To the extent possible, information reported to the Title IX Coordinator or other University employee will be shared only with individuals responsible for handling the University’s response of the incident. The University will protect the privacy of individuals involved in a sexual violence incident except as otherwise required by law or University policy. The University must weigh requests for confidentiality against the University’s obligation to provide a safe, non-discriminatory environment for all students, employees, and third parties. The Title IX Coordinator will determine whether requests for confidentiality can be honored under the facts and circumstances of the particular case.

If you become the victim of a sexual assault on or off campus:

- Get to a safe place.
- Contact the University Police Department (or your local police) by dialing 9-1-1 or The S.A.F.E. Place at 415-338-2208.
- Refrain from showering, bathing, douching, changing or destroying clothing. Save clothing and other evidence in a paper bag.
- Do not straighten up the area.
- Seek medical attention from the Trauma Recovery/Rape Treatment Center at SF General Hospital by calling 415-437-3000.
- Seek emotional support from a local Rape Crisis Center such as SFWAR at 415-647-RAPE (7273).

The University Police Department will assist our community in notifying or obtaining services from the above and any authorities upon request.

Victim Assistance and Rights

Victims have the right to be treated with respect, dignity and courtesy, regardless of race, age, lifestyle, or occupation. Victims also have a right to file a complaint and receive services regardless of the relationship between the victim and
the suspect. The victim may have an advocate for support throughout the investigative process and will receive explanations about processes and procedures. The use of alcohol or drugs never makes the victim at fault for sexual discrimination, harassment or violence; therefore, victims should not be deterred from reporting incidents of sexual violence out of a concern that they might be disciplined for related violations of drug, alcohol or other SF State policies. Except in extreme circumstances, victims of sexual violence shall not be subject to discipline for related violations of the Student Conduct Code.

When reporting the crime to the San Francisco State University Police, confidentiality and the protection of the victim’s name and any identifying information will remain the highest priority if the victim chooses not to have their name released. A victim’s decision to prosecute does not have to be made during the initial report to police, so it is important that we let any persons considering reporting a sexual assault but who are afraid, know that maintaining their confidentiality, if they wish to remain confidential, will be done to the fullest extent of the law. In such instances, we recommend the investigative and evidence collection processes still be completed to better assist the victim should they wish to no longer remain confidential after their initial report.

University Police and Advocates can answer the victim’s questions, inform them of their options, advocate for their rights, and connect them to counseling, and available support resources. Advocates, University Police, and the District Attorney’s Office can assist a victim in obtaining a restraining order against the perpetrator if they choose. Victims are advised that they should always contact the police immediately if they feel threatened or are contacted by the perpetrator after the assault.

University Police officers may arrest the perpetrator as appropriate and/or forward the case to the District Attorney’s office for review and decision on filing of criminal charges against the perpetrator.

Individuals who report being a victim of Sexual Misconduct, Dating or Domestic Violence, or Stalking will receive written notification of:

- Existing counseling, health, mental health, victim advocacy, legal assistance, and other services available for victims, both on Campus and in the community.
- Options for, and available assistance in, changing academic, living, transportation, and working situations, if requested and if such accommodations are reasonably available, regardless of whether the victim chooses to report the incident to Campus police or local law enforcement.
- The rights of victims and the University’s responsibilities regarding orders of protection, no contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.
  - Depending on the circumstances, the police may be able to obtain a criminal restraining order on the victim’s behalf.
  - The victim may also choose to file a civil lawsuit against the perpetrator, whether or not criminal charges have been filed. The victim may choose to obtain a protective or restraining order (such as a domestic violence restraining order or a civil harassment restraining order). Restraining orders must be obtained from a court in the jurisdiction where the incident occurred. Restraining orders can protect victims who have experienced or are reasonably in fear of physical violence, sexual violence, domestic violence, dating violence and stalking.
Both the victim and the accused shall be simultaneously informed in writing of:

- The outcome of any disciplinary proceedings that arises from an allegation of a domestic violence, dating violence, sexual assault, or stalking;
- The University’s procedures for the victim or accused to appeal the results of the disciplinary proceeding;
- Any change to the disciplinary results that occurs prior to the time such results become final; and,
- When disciplinary results become final.

**Interim and Ultimate Remedies**

The University provides victims who experience Sexual Misconduct, Dating or Domestic Violence, or Stalking with reasonably available Interim Remedies, if requested, regardless of whether the victim chooses to report the misconduct to Campus police or local law enforcement. Victims are notified of options for avoiding contact with the Respondent, including changes to the Respondent’s or purported victim’s employment, academic or living situations, as appropriate. For example, the University may prohibit the parties from having any contact with each other pending the outcome of the University investigation and any ensuing discipline proceeding. SF State will minimize the burden on the victim and will not, as a matter of course, remove victims from work assignments, job sites, classes or housing while allowing the Respondent to maintain the status quo. Other possible interim (and ultimate) steps may include providing an escort between university locations in extraordinary cases where safety may be endangered; changes to employee work areas, work assignments or reporting relationships; providing students with academic support services such as tutoring or allowing students to re-take a course or withdraw from a course without penalty and without adverse effect on their academic records; and reviewing any disciplinary actions proposed to be taken against an alleged victim to see if there is a causal connection between the misconduct forming the basis for the proposed discipline and the alleged Sex Discrimination, Sexual Harassment, Sexual Misconduct, Dating or Domestic Violence, or Stalking. SF State provides the purported victim with reasonable Remedies as requested throughout the reporting, investigative, and disciplinary processes, and thereafter.

**University Investigations and Proceedings**

SF State is committed to creating and sustaining an educational and working environment free of Sex Discrimination, Sexual Harassment, Sexual Misconduct, Dating and Domestic Violence, and Stalking. Upon receiving a report, and with prior consent of the victim, the University will conduct a prompt, fair, and impartial investigation coordinated by the Title IX Coordinator and conducted by officials who receive annual training on issues related to Title IX and VAWA/Campus SaVE Act; as well as other related state and federal laws prohibiting Discrimination, Harassment and Retaliation based on Gender or Sex, including Sex Discrimination, Sexual Harassment, Sexual Misconduct, Dating and Domestic Violence, and Stalking; Complainant, Respondent, Employee, and witness privacy rights; and the Family Educational Rights and Privacy Act of 1974 (FERPA). For matters involving Sex Discrimination, Sexual Harassment, Sexual Misconduct, Dating or Domestic Violence or Stalking, Investigators and Student Conduct Administrators also receive annual training on how to conduct an investigation or hearing process that protects the safety of the Complainant(s) and the University community and promotes accountability. (See also Executive Order 1095 regarding required training for Sexual Harassment and Sexual Misconduct investigations.)
Complaint Procedures

SF State has adopted and published complaint procedures that provide for prompt and equitable resolution of Sex Discrimination complaints, including Sexual Harassment, Sexual Misconduct, Dating and Domestic Violence, and Stalking. The complaint procedure varies depending on the status of the Complainant.

**Complaints made by Students** against the CSU, a CSU Employee, another CSU Student, or a Third Party should follow the procedure in [Executive Order 1097](#).

**Complaints made by Employees, former Employees, and applicants for employment** against the CSU, another CSU Employee, a CSU Student or a Third Party should follow the procedure in [Executive Order 1096](#). Employees covered by a collective bargaining agreement that provides a grievance procedure for raising allegations of Sex Discrimination, Sexual Harassment, Sexual Misconduct, Dating or Domestic Violence, or Stalking shall use the grievance procedure specified in their collective bargaining agreement.

**Complaints made by Student-Employees** where the alleged violation arose out of the person’s status as an Employee and not his/her status as a Student should follow the procedure in [Executive Order 1096](#).

**Complaints made by Third Parties** against the CSU, a CSU Employee or a CSU Student should follow the procedure in [Executive Order 1096](#).

Regardless of whether an Employee, a Student or a Third Party ultimately files a complaint under the applicable complaint procedure, if SF State knows or has reason to know about possible Sex Discrimination, Sexual Harassment, Sexual Misconduct, Dating or Domestic Violence, or Stalking, the University must review the matter to determine if an investigation is warranted. When warranted, all such investigations must be prompt, thorough and impartial, and shall comply with the procedure outlined in the relevant Executive Order. The University must then take appropriate steps to eliminate the misconduct, prevent its recurrence, and remedy its effects.

The Title IX Coordinator & DHR Administrator may delegate complaint procedure administration, investigations, and related Title IX duties to one or more Deputy Title IX Coordinators.

Complaints may be submitted to the Title IX Coordinator & DHR Administrator or designee. The Title IX Coordinator & DHR Administrator or designee will determine whether to open an investigation after making a preliminary inquiry into the allegations. In cases where the Complainant does not want to pursue an investigation, the Complainant will be informed that the ability to take corrective action may be limited. SF State may determine that circumstances warrant initiating an investigation even if a complaint has not been filed and independent of the intent or wishes of the complainant.

The Complainant may submit a written complaint to the Title IX Coordinator & DHR Administrator or designee. The date the complaint is received in the appropriate office shall be deemed to be the complaint filing date. The Title IX Coordinator & DHR Administrator or designee will offer reasonable accommodations to Complainants who are unable to submit a written complaint because of a qualified disability.
Intake Interview. The Title IX Coordinator & DHR Administrator or designee will meet with the complainant no later than 10 Working Days after the complaint was received. The meeting will (1) explain the investigation procedure and timelines, and answer any questions about them; (2) inform the Complainant of their rights; (3) provide the opportunity for the complainant to complete and sign a complaint form; and, (4) discuss reasonable interim remedies. In cases alleging sexual misconduct, dating or domestic violence, or stalking, the meeting will (1) inform the Complainant of the right to file a criminal complaint; (2) offer to assist the Complainant with filing a criminal complaint; (3) assure the Complainant that such filing will not significantly delay the campus investigation; (4) advise the Complainant of available resources; and, (5) provide written information, as directed under Executive Order 1095, to any Complainant who reports to the campus that they were a victim of sexual misconduct, dating or domestic violence, or stalking.

Complaint Accepted for Investigation. If the Title IX Coordinator & DHR Administrator or designee determines that the complaint falls within the scope of the relevant executive order, the complainant will be notified within 10 Working Days that the complaint has been accepted for investigation and the timeline for completion of the investigation.

Complaint Not Accepted for Investigation. If the Title IX Coordinator & DHR Administrator or designee determines that the Complainant has failed to state a complaint within the scope of the relevant executive order, the Complainant will be provided written notice of this determination within 10 Working Days. The Complainant will also be informed that if additional information is provided, the complaint will be reviewed again. If the complaint should be processed through another University office or procedure, the complainant will be directed to that office or procedure as soon as possible.

Summary of Investigation Procedures

Complaints that fall within the scope of Executive Order 1095 are assigned to investigators on a case-by-case basis. The Title IX Coordinator monitors, supervises, and oversees all such delegated tasks, including reviewing all investigation reports before they are final to ensure that the investigation was sufficient, appropriate, impartial, and in compliance with the appropriate Executive Order.

The Complainant and the Respondent have equal opportunities to present relevant witnesses and evidence in connection with the investigation. Upon inquiry, the Complainant and Respondent are advised of the status of the investigation.

Before reaching a final conclusion or issuing a final investigation report, the Investigator shall have: a) advised the Parties or have offered to do so, verbally or in writing, of any evidence upon which the findings will be based; and, b) given the Parties an opportunity to respond to the evidence, including presenting further relevant evidence, information or arguments that could affect the outcome. The Investigator will not reach a final conclusion or issue an investigation report until giving careful consideration to any such relevant evidence, information or arguments.

The investigation shall be completed no later than 60 Working Days after the intake interview, unless the timeline has been extended. The timeline should not be extended for a period longer than an additional 30 Working Days from the original due date.

On occasion, a criminal investigation may be initiated by a law enforcement agency over the same allegations that are reported in a Complaint filed under this policy. A pending (Campus or local) police investigation is a separate investigation and it does not relieve a Campus of its responsibility to timely investigate Complaints under this policy. Thus, a Campus may not wait until the conclusion of a police investigation to commence its own investigation. Although it may be necessary to temporarily delay the investigation while the police are gathering evidence, once notified that the police have completed the fact gathering portion of their investigation, the Campus must promptly resume and
complete its own investigation. In cases involving Sexual Misconduct, Dating or Domestic Violence, or Stalking, see the “Coordination with Criminal Investigations and Proceedings” section of Executive Order 1095.

**Investigation Report**

Within the investigation period stated above, the Investigator shall prepare an investigation report. The report shall include a summary of the allegations, the investigation process, the Preponderance of the Evidence standard, a detailed description of the evidence considered, and appropriate findings. Relevant exhibits and documents, if any, shall be attached to the written report. The report shall be promptly provided to the Title IX Coordinator & DHR Administrator, if applicable. The Title IX Coordinator & DHR Administrator shall review the investigation report to assure compliance with the Executive Order before proceeding further.

**Notice of Investigation Outcome**

Within **10 Working Days** of issuance of the final investigation report, the Title IX Coordinator and DHR Administrator or designee shall notify the Complainant and Respondent in writing of the outcome of the investigation. The Notice shall include a summary of the allegations, the investigative process, the Preponderance of the Evidence standard, the evidence considered, the findings of fact, a determination as to whether the CSU Executive Order was violated, and if so, any Remedies to be afforded to the Complainant. The notice shall advise the Complainant and Respondent of their right to file an appeal under the CSU Executive Order and to request a copy of the final investigation report with exhibits/attachments, if any, redacted as appropriate. The Notice shall be delivered to the Parties in a manner which guarantees delivery within 2 Working Days (email delivery is acceptable). Where a Complaint is made against a Student and the CSU Executive Order is found to have been violated, the Title IX Coordinator shall also notify the Campus Student Conduct Administrator of the investigation outcome, and provide a copy of the investigation report. Where the Respondent is an Employee, Human Resources or Academic/Faculty Affairs shall be notified and provided a copy of the investigation report.

**Appeal Review – Office of the Chancellor**

Any Complainant or Respondent who is not satisfied with a Campus investigation outcome may file an appeal with the Chancellor’s Office no later than **10 Working Days** after the date of the Notice of Investigation Outcome.

The appeal shall be in writing and shall be based on one or more of the appeal issues listed below:

1. The investigation outcome is unsupported by the evidence, based on the Preponderance of the Evidence standard;
2. Prejudicial procedural errors impacted the investigation outcome to such a degree that the investigation did not comply with the relevant CSU Executive Order; or
3. New evidence not available at the time of the investigation.

The issues and evidence raised on appeal shall be limited to those raised and identified during the investigation, unless new evidence becomes available after the Campus investigation process and is made part of the appeal by the appealing party. The Chancellor’s Office may conduct an interview, at the Chancellor’s Office discretion, with the appealing party to clarify the written appeal.

**Timeline.** The Chancellor’s Office shall respond to the appealing party no later than **30 Working Days** after receipt of the written appeal unless the timeline has been extended.

**Information Regarding SF State, Criminal and Civil Consequences of Committing Acts of Sexual Misconduct**
Individuals alleged to have committed sexual assault may face criminal prosecution by law enforcement and may incur penalties as a result of civil litigation. In addition, SF State employees and students may face discipline/sanctions on campus. SF State employees may face sanctions up to and including dismissal from employment, per established CSU policies and provisions of applicable collective bargaining unit agreements.

**Student Conduct Procedure**

Each CSU campus president assigns an MPP employee to be the Student Conduct Administrator for that respective campus whose responsibilities are to perform the duties as prescribed in the procedures of the Executive Order 1098. In cases involving sexual misconduct, dating or domestic violence, or stalking where the investigative report finds a violation or the finding of a violation is sustained after appeal, the Student Conduct Administrator will initiate student conduct proceedings. No later than 10 Working Days after the receipt of the final investigative report, the Student Conduct Administrator shall offer the Complainant the opportunity to provide input concerning appropriate sanctions and remedies in light of the investigative findings. After the Complainant has been given the opportunity to confer, the Student Conduct Administrator shall schedule a meeting with the student charged to review the policies that are the subject of the proposed discipline and to discuss the proposed sanctions or Remedies.

The Student Conduct Administrator shall, in consultation with the Title IX Coordinator & DHR Administrator, determine which cases are appropriate for resolution, taking into consideration the investigative findings and any additional information provided by the Parties during any conferences. If a proposed resolution agreement can be reached, the terms of the agreement shall be put in writing and signed by the student charged and the University. The Complainant can appeal any proposed resolution; the proposed resolution is not final until any such appeal is exhausted. The Student Conduct Administrator shall promptly notify the Title IX Coordinator & DHR Administrator of the outcome of any conferences with the Parties and whether a resolution agreement is proposed. The Title IX Coordinator & DHR Administrator with notify the Complainant of the resolution proposal as well as the Complainant’s right to appeal the resolution proposal to the Chancellor’s Office.

Discipline cases may be resolved through the conference process. It is, however, not appropriate for a Complainant to be required to “work out the problem” directly with the student charged, and in no event should any meeting between Complainant and the Student be required.

If not resolved through the conference process, the Student Conduct Administrator shall issue a Notice of Hearing within 5 Working Days after the conference with the charged student. Simultaneous notice including the date, time, and location of the Student Conduct hearing shall also be provided to the Complainant and the Title IX Coordinator & DHR Administrator. The hearing shall be scheduled no sooner than 10 Working Days after, and no later than 20 Working Days after the date of the Notice of Hearing. A notice to appear at hearing shall be sent to any University-related witnesses and to the Complainant at least 5 Working Days before the hearing.

The hearing is limited to determining appropriate sanctions; the findings of the investigation are not under review. The hearing is closed to all persons except the Student Conduct Administrator; the Student charged; the Complainant(s); their respective Advisors; appropriate witnesses while they are testifying; any other alleged victims; the Hearing Officer; and one person to assist the Hearing Officer in recording the hearing. The hearing protocol is contained within Article IV, Section H of Executive Order 1098.

The Hearing Officer shall submit a written report within 10 Working Days of the hearing to the president recommending sanctions, if any, as well as any recommendations regarding additional Remedies. The Hearing Officer’s report shall be based only on the investigative report and the information received at the hearing.
The president shall review the investigative report and the Hearing Officer’s report and issue a decision concerning the appropriate sanction within **10 Working Days** after receipt of the Hearing Officer’s report. The decision letter shall be issued to the Complainant, the Student charged, the Student Conduct Administrator, and the Hearing Officer. The president may impose the recommended sanctions, adopt a different sanction, or reject sanctions altogether. The decision letter shall contain Notice of the Complainant’s and Student’s right to appeal the decision to the Chancellor’s Office. The president shall also send the decision to the Title IX Coordinator so that they may determine whether any additional Remedies or steps shall be afforded or undertaken in order to maintain a safe and nondiscriminatory University Environment. Unless the Chancellor’s Office notifies the campus that an appeal has been filed, the president’s sanction decision becomes final **11 Working Days** after the date of the decision letter. The appeal procedure can be found in Article IV Section J of Executive Order 1098.
Prohibited Conduct: Prevention and Training

Training, Education and Preventive Measures

It is University policy per CSU Executive Order 1095 to implement preventive education programs/training to promote the awareness of CSU policies against rape, acquaintance rape, domestic violence, dating violence, sexual assault, and stalking. Executive Order 1095 requires programs/training for all new Students and new Employees; refresher programs/training at least annually for all Students; programs/training twice a year for all Students who serve as Advisors in residence halls; annual programs/training for all Student members of fraternities and sororities; annual programs/training for all Student athletes and coaches; and, annual programs/training for all Employees consistent with their role in responding to and reporting incidents.

Training for all incoming students and new employees declare that SF State prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking, and includes the definition of these crimes. These programs define consent in reference to sexual activity; provide safe and positive options for bystander intervention, and provide information on risk reduction to recognize warnings of abusive behavior and how to avoid potential attacks. It is our goal to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

Primary prevention programs include programming, initiatives, and strategies informed by research or assessed for value, effectiveness or outcome that are intended to stop Sexual Misconduct, Dating or Domestic Violence, or Stalking before they occur through the promotion of positive and healthy behaviors that foster mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions. Ongoing prevention and awareness campaigns for all Students and Employees are also conducted.

Action Crisis Team

The Action Crisis Team (ACT) is a multidisciplinary team of key campus partners established by the Division of Student Affairs & Enrollment Management to meet regularly to serve five major functions for the University:

1. Provide consultation and support to faculty, staff and administrators in assisting students who display concerning or disruptive behaviors;
2. Gather information to assess situations involving students who display concerning or disruptive behaviors;
3. Recommend appropriate intervention strategies or disciplinary sanctions;
4. Connect students with needed campus and community resources; and
5. Monitor ongoing behavior of students who have displayed disruptive or concerning behavior.

While interacting with students across the University, staff may be confronted with situations in which a student is disruptive or displays behavior that may be intimidating, threatening or disturbing to others. The ACT is designed to assist faculty, staff and administrators in addressing these situations in a uniform and supportive manner. The ACT's composition and membership is designed to provide all segments of the University with access to assistance, speedy response, and information/resources with direction for addressing students' inappropriate behavior in and outside the classroom.
The ACT will be composed of representatives from various critical areas of the campus community including the following:

- Director of Counseling & Psychological Services – ACT Co-Chair
- Associate Vice President & Dean of Students - ACT Co-Chair
- University Police Department
- Director of Disability Programs & Resource Center
- Office of International Programs
- Undergraduate Advising
- Graduate Division
- Office of Student Conduct
- Enrollment Management
- Student Health Services

Following the guidance of the National Behavioral Intervention Team Association (NaBITA- https://nabita.org/), the ACT will consult with Academic Advising, Athletics, Fraternity & Sorority Life, Human Resources, and the Student Activities & Events, and the Office of Career Services as needed. The ACT will also receive training in the assessment of disturbing and threatening behaviors in students, protocol for intervention and referral, protocol for documentation and database development within the guidelines of FERPA confidentiality.

The University has zero tolerance for violence against members of the University community. To fulfill this policy, the University will work to prevent violence from occurring and will ensure federal and state laws, as well as University regulations prohibiting violence, are fully enforced. In determining whether conduct constitutes a credible threat or act of violence, the circumstances surrounding the conduct will be considered.

Established University faculty, staff and the University Police Department procedures will serve as the mechanisms for resolving situations of violence or threats of violence. Each allegation of violence will be taken seriously. Individuals are encouraged to report acts of violence, threats of violence or any other behavior which by intent, act or outcome harms another person.

**Campus Clarity: New Student Training**

Campus Clarity is a web-based sexual assault prevention and alcohol abuse awareness program. Campus Clarity will empower students to make well-informed decisions about alcohol and sexuality, as well as respond more effectively to the risky behaviors of peers. We also know alcohol is one of several risk factors in sexual assaults on college campuses and we believe the educational material included in Campus Clarity will help provide students with the information they need to understand affirmative consent, healthy relationships, and effective communication.

Every incoming student will be required to take Campus Clarity. The material covered in the online course may be distressing for some students, so SF State offers assistance for those who may need additional information or support around these issues through the Health Promotion & Wellness Department at clarity@sfsu.edu and The SAFE Place.
Counseling & Psychological Services

The University Police Department works closely with the Counseling and Psychological Services Center (CPSC). We work as a team in dealing with sensitive situations and we refer persons to the Counseling Center on a regular basis. Both University Police Officers and counselors have received training on threat assessments and the counselors consistently encourage their clients to report crimes to the University Police Department to prevent future crimes. Counseling sessions are considered confidential and privileged. The holder of the privilege is the client. Crime information be can forwarded anonymously at the request of the client. The counselors do not disclose information to the University Police Department without the consent of the client unless there is an immediate threat to safety. Any reporting of statistics to comply with this act is done by reporting numbers and not names so the information provided by clients is confidential.

The Counseling Center provides brief therapy to students, staff and faculty at no cost. The staff consists of culturally diverse, professionally trained and licensed counselors, psychologists and clinical social workers. Counselors are also available for consultations regarding distressed or potentially violent students/employees and can be reached at 415-338-2208. For more information on the CPSC, you may visit http://psyservs.sfsu.edu/.

EDU: Eliminate Campus Sexual Violence: New Employee Training

New employees are able to complete online sexual violence awareness and prevention training which can be accessed here: http://tech.sfsu.edu/guides/skillport. This course provides practical training for identifying, reporting, and preventing campus sexual violence, as well as assisting victims of sexual assault. Interactive case studies and videos provide engaging educational content that explains how to respond to known or suspected sexual violence, which includes sexual assault, dating violence, domestic violence, and stalking. Many interactions are based on real cases that teach important concepts to help create a safe campus community and create a culture that does not tolerate sexual violence. The course teaches employees valuable skills for assisting victims and survivors of sexual violence and reporting sexual violence. This course also provides state-specific legal definitions of sexual violence, and describes victim protections, bystander intervention strategies, and University disciplinary proceedings.

Health Promotion & Wellness

In 2015, San Francisco State University established the new Health Promotion & Wellness (HPW) to coordinate health education and promotion efforts for the SF State community, including programs targeted at the prevention of sexual violence.

As part of the creation of this unit, a Men’s Health Educator was hired to serve the campus community. The Men’s Health Educator serves as the primary lead on the development, implementation, and evaluation of all sexual violence programming. As part of a larger focus on primary prevention, this programming aims to interrupt destructive patterns of stereotypical gender role socialization and address systemic, ecological, and cultural factors related to gender inequities and gender-based violence.

In Academic Year 2015-2016, Health Promotion & Wellness participated in a number of targeted audience programs to engage students around the issues of violence education, as well as events to raise awareness campus-wide.

All incoming students were required to take Think About It, an online training program developed by Campus Clarity. 10,683 students completed the program over Fall and Spring semesters. This included incoming freshmen, transfer students, graduate students, J1 international exchange students, and students from the College of Extended Learning.
The program empowers students to make well-informed decisions about alcohol and sexuality, as well as respond more effectively to the risky behaviors of peers. The educational material in Campus Clarity will help provide students the information they need to understand affirmative consent, healthy relationships, and effective communication.

Incoming residential students received additional education. The Health Promotion & Wellness team conducted a three and a half hour training for Residential Assistants in the Fall semester, followed by an additional hour long training in the Spring semester. The training emphasized creating positive community and social norms around sexuality and gender socialization, as a means to reduce sexual violence. The Residential Assistants were then equipped with the tools to, then tasked with, facilitating a discussion around consent and Violence with their residents at their first floor meetings, reaching an estimated 2,709 students.

Health Promotion & Wellness conducted three one-hour trainings at the Leadership Symposium, an annual gathering and educational event of student leaders on campus. This training included clarification of affirmative consent, effective techniques for bystander intervention, and the importance of shifting social norms in positively changing campus culture. Similarly, HPW conducted two one-hour trainings at the annual Greek Summit, at which all members of Greek organizations attend, as well as two two-hour trainings with all student athletes. Additional groups served throughout the year included student groups Hermanas Unidas, Kappa Sigma, as well as the Metro Academies graduate counselors. Workshops around healthy masculinity and violence prevention were conducted with HED 290 classes and fraternities Nu Alpha Kappa and Lambda Theta Alpha.

In addition, the Sexual Peer Educators Advocating Campus Health (PEACHes) conducted fourteen workshops for on-campus groups, reaching an additional 386 students. The sexual health PEACHes also created a new video on consent, featuring SF State students describing and defining consent, which was shared among the SF State community.

HPW maintained a presence at larger community events, hosting tables and handing out information related to sexual violence to audiences at New Student Orientation (for both freshmen and transfers), orientation for the Office of International Programs, Graduate Student Orientation, and Welcome Days. Furthermore, HPW participated in the annual Constitution Day at SF State, co-sponsoring a screening of the film “Private Lives,” a film about domestic violence which follows the experiences of two survivors, which dissects and disputes common notions around violence and lays the groundwork for envisioning a future without domestic violence.

HPW served as a consultant for events organized by student organizations on campus. The Educational and Referral Organization on Sexuality, the Queer & Trans Resource Center, and the Women’s Center organized a weeklong awareness event in February 2016 called “Consent Week.” The workshops reached approximately 100 students, and awareness was raised for the larger campus through spoken word and additional performances in Malcolm X Plaza during lunchtime.

In Spring 2016, the Men’s Health Educator, with the support of the Health Promotion & Wellness team, developed two two-year work plans, using a comprehensive approach, and developmentally and culturally appropriate programs. One addresses sexual violence for the campus community, with a focus on increasing positive bystander behavior among students and increasing reporting of incidents of sexual violence. The other addresses the harmful effects of toxic masculinity, focusing on increasing help-seeking behavior, increased awareness of the gender-socialization process, and increasing the ability of men to develop healthy and equal relationships. These work plans will be implemented over the next two years to reduce and prevent violence in the SF State community.
The Sexual Abuse Free Environment (SAFE) Place

The SAFE Place provided Survivor focused support and resources for campus members dealing with past or recent incidents of sexual violence. SAFE Place services are trauma informed, free & confidential support to students, faculty and staff. We believe that providing safe spaces for Survivors & collaborating around violence prevention are key aspects to creating a more SAFE and aware campus community.

**During 2015 The SAFE Place program services included:**

- Crisis intervention, brief counseling and advocacy for Survivors dealing with any past or current incidents of sexual violence. *(sexual assault, dating/domestic violence, stalking and sexual harassment).*
- On and off campus referrals and resources for Survivors.
- Title IX support through the Support, Advocacy, & Resource Team (SART).
- Informational materials regarding Sexual Violence & related issues.
- Campus wide informational presentations on the services provided by The SAFE Place.
- During 2015, The SAFE Place was still providing outreach and programming campus wide. These services were decreased during the year as the new Health Promotion and Wellness program was developed and would be conducting all training and outreach services related to sexual violence campus wide.

**The SAFE Place also participated in the following campus wide events:**

**Healthy & Unhealthy Relationships / panel & discussion**

Worked collaboratively with Alpha Kappa Alpha sorority in providing a panel discussion on Intimate Partner Violence on college campuses. Spoke on panel with other off campus support programs and discussed the following: General information about IPV including signs and symptoms, how to support a friend in an abusive relationship, support services on and off campus for survivors, student’s rights and Title IX, provided resource materials on issues related to IPV.

**Gender, Violence & Accountability: Palestine & Israeli Feminists Speak Up**

Collaborated with the Ethnic Studies Department in a panel discussion on sexual violence and gender. Discussed issues related to gender and violence, had discussion on issues related to feminism and the role this plays for women in Jewish and Palestinian communities. Provided information on resources on and off campus and gave informational materials regarding The SAFE Place and resources.

**SFWAR Walk Against Rape**

The goal of Walk Against Rape is to empower survivors, their friends, families and supporters, to break that silence by walking together on the streets against rape, and declare that San Francisco will not tolerate sexual violence. The SAFE Place has participated annually in coordinating groupings of SF STATE students and staff to come out and support the walk and get involved in community programs providing support for survivors in the bay area. As part of Sexual Assault Awareness Month, Walk Against Rape is held during the month of April. Walk Against Rape is a 3.5 mile walk starting at The Women's Building and culminating in a festival at Potrero del Sol Park ("La Raza Park). Walkers will arrive in the park to find speakers, performances, vendors, prizes for the highest fundraisers, several community organizations who will be offering information and resources, and food and drink.

**Walk in Their Heels**

The SAFE Place collaborated with Hermanos Unidos, a Latino student organization on campus to have Walk in their Heels. This program is one that has been done annually on many campuses and is a way to bring attention to Gender
Violence and role that men can play in creating change. In addition to walking throughout the day in heels, the male participants were providing educational information and giving presentations in all their classrooms about sexual assault & gender violence. During lunch all participants went to the Plaza and participated in a speak-out on violence. Walk in their Heels is also known as Walk a Mile in their Shoes and is an International Men's March to Stop Rape, Sexual Assault & Gender Violence. A Walk a Mile in Her Shoes® Event is a playful opportunity for men to raise awareness in their community about the serious causes, effects and remediation's to men's sexualized violence against women.

The Hunting Ground- film premiere
The SAFE Place worked collaboratively with the Gender & Equity Committee in showing the film The Hunting Ground which is an exposé of rape crimes on U.S. college campuses, their institutional cover-ups, and the devastating toll they take on students and their families. In addition to viewing the film, The SAFE Place coordinated a panel discussion with three faculty members on campus that discussed issues that surfaced during the film. Resources and information regarding support services were provided to students.

CockTALES: UnPlugged & ReDefined
SF State's CockTales is a storytelling project utilizing expressive arts (i.e. spoken word, monologue, and dance) as a medium to explore masculinity. In 2015, The SAFE Place convened Voices For Gender Justice as the organizing body for CockTales 2015. It is a coalition of SF State programs coming together to provide creative spaces to discuss and explore issues around gender violence. On this year's team are ASI EROS, The SAFE Place, Sexual Health PEACH, SF State Cares and SPEAK

The 2015 production was themed, [UN]plugged & [RE]defined. It centered around "unplugging" from traditional ways we view masculinity, gender roles, and advocating against violence, while "redefining" the way we have these conversations. We are also redefining the composition of the cast, as we have purposefully integrated a spectrum of gender identities to share their stories, highlighting a tertiary theme of coalition building and allyship. In addition to the production we also provided resources and support for on and off campus violence prevention programs.

These events, along with other programming are provided in an effort to educate students and reduce the number of sexually violent incidents occurring on campus. The SAFE Place is located in Student Services Building Room 208 and the coordinator, can be reached at 415-338-2208.
Sexual Assault Investigation Team (SAIT)

The University Police department responds to and investigates reports of sexual assault when the victim files a report with the department. Officer’s conduct investigations, interview victims and suspects, collect evidence, testify in court and refer victims to the appropriate services. All SAIT members have special training in sexual assault investigations certified by California POST.

Student Health Services

The mission of SF State Student Health Services (SHS) is to provide accessible and cost-effective quality medical care for all registered students at SF State. SHS strives to work with students to enhance lifelong health and wellness, facilitate retention and graduation, and to reduce systematic health disparities related to human and cultural diversity.

By providing accessible quality health care services, SHS strives to create an environment for all students to learn the skills to manage their own health and become informed future health care consumers.

Student Health Services can provide initial urgent medical services to victims of sexual violence. The Health center staff facilitates referrals to San Francisco Trauma Recovery/Rape Treatment for forensic examinations and/or counseling. Appointments can be made by going to the Student Health Services center, calling 415-338-1251, or by visiting the website at http://health.sfsu.edu/.

Support, Advocacy & Response Team (SART)

SART Mission & Details:

The SAFE Place convenes the SF State Support, Advocacy & Resource Team (SART), a campus-wide team, to provide support services to students and employees who experienced sexual misconduct/sexual violence including sexual assault, domestic violence, and stalking. SART members were selected from a diverse grouping of staff from various departments including; residential life, counseling & psychological services, student health center, athletics, financial aid, EOP, student activities, administration & finance, and health promotion & wellness. During 2015, SART members met monthly and were trained on the Title IX process and best practices in supporting Complainants and Respondents dealing with Title IX cases.

Beginning in June 2015, CSU Executive Order 1095 officially required that each campus provide appropriate and confidential victim advocacy services on a 24/7 basis for individuals reporting sexual misconduct/sexual violence. In addition, campuses were asked to make a good faith effort to ensure that there are proximate support services provided to both complainants (survivors) and respondents (accused) throughout the Title IX investigative process.

SF State identifies employees suitable for the service as either complainant or respondent associate advocates through the SAFE Place. Parties in a sexual misconduct related investigation are offered the opportunity to receive the services of a complainant or respondent associate advocate. The primary role of advocacy is to provide emotional/psychological/social support in the investigative process. The associate advocates have knowledge about the investigative process to help prepare the parties for what to expect, and can assist with identification of accommodations and/or remedies to facilitate continued academic or professional engagement. Parties have the right to refuse this service. Parties may elect to have an advisor as allowed in Executive Order 1095 or have an associate advocate with them during the investigative interview, but they may not have both.
The goals of the newly formed SART include:

- Provide confidential support for either a complainant or respondent during the Title IX investigation interview. SART members will be assigned to serve as an Associate Advocate for one group of individuals, but not both. This will minimize confusion and perceived conflict of interest for students/employees receiving support services and will allow the associate advocate to develop capacities in one type of advocacy.

- SART members work collaboratively with The SAFE Place Coordinator in providing triage for students and employees who seek support through The SAFE Place (specifically for sexual misconduct/sexual violence cases where students or employees do not file formal Title IX complaints).

- SART members will identify and make recommendations to the Title IX key personnel team and the President’s Advisory Board on Gender Equity & Title IX on systemic issues, campus-wide themes, and recurring patterns, as well as provide any suggestions around training needs regarding sexual misconduct/sexual violence issues.

Emergency Notifications

Emergency Response and Evacuation Procedures

Emergency Services Unit of the SF State University Police Department implements and maintains a campus-wide emergency management program that is activated when a hazardous condition or natural disaster reaches or has the potential for reaching proportions beyond the capacity of routine operations.

To disseminate immediate and accurate emergency information to the campus community, a multi-layered communications strategy is in place. A central component is the SF State Emergency Notification System, which is a communications tool designed to rapidly disseminate emergency information and instructions, in the event of an emergency that threatens the lives and/or property of the campus community. This fully hosted, web-based system can disperse messages to phones, voicemail, e-mails, and via text messaging and TTY.

Notification systems have become part and parcel of emergency preparedness strategies on college campuses across the country, in the wake of tragic incidents. While this notification system is an important part of the emergency preparedness plan for SF State, we encourage all students, faculty and staff members to actively participate in preparedness training and information available through the Emergency Services Unit of the University Police Department. Additional information from the Emergency Services Unit can be found at

Students, faculty and staff who wish to add or update their contact information to ensure that they receive emergency alerts as quickly as possible can follow the listed procedures:

- Faculty and staff members must log into gateway.sfsu.edu and select “Profile” in the upper right, then in the “Emergency Contact Information” section, select “View/Update Emergency Contact Information in HR.”
- Students must log into gateway.sfsu.edu and select “Profile” in the upper right, then in the “Student Profile” section click on “Update Contact Information.”

This fully hosted, web-based system can disperse messages to phones, voicemail, e-mails, and via text messaging and TTY. Once emergency information has been verified through the University’s Police Dispatch center, any one of four trained system operators will initiate the mass notification system. The four system operators and Emergency Communications Team members include the UPD Emergency Preparedness Coordinator (EPC), the Assistant Vice President for Campus Safety & Chief of Police (or designee), the Associate Vice President of Information Technology Services (ITS), and the Associate Vice President of University Communications.

Pre-scripted and live messages designed for multiple hazards will be sent to the campus community. The content of each message may be posted on the campus web site, the University’s 24 hour emergency hotline and may be broadcast on campus through the outdoor emergency alert sirens.
Individuals Authorized to Initiate and Send Campus-wide Emergency Notifications

Life safety or emergency notifications are initiated immediately without delay by the Assistant Vice President for Campus Safety & Chief of Police, who also serves as the Emergency Operations Center (EOC) Director, or designee. The above responsible party may choose not to issue a notification, if doing so may compromise efforts to assist victims or contain, respond to, or otherwise mitigate an emergency. All other notifications’ content and delivery initiation are determined by EOC activation and Level of Activation.

The Assistant Vice President for Campus Safety & Chief of Police (or designee) will determine the segments of the community to be notified and take into consideration the event, location of the event, priority of notification, and campus population at risk. Notification Content is determined by the Assistant Vice President for Campus Safety & Chief of Police (or designee) and is confirmed assessing criteria such as; the event type, priority of event, and uniqueness of the event. Initiation of the notification and content is also based on the type of event and the experience of the authorized individual who initiates the notification process. Updates will be provided until the emergency is mitigated.

When the EOC is activated, a separate message will be sent over the mass notification system and by phone tree to the campus emergency management team to report to the EOC by one of the four system operators and Emergency Communications Team members. The Associate Vice President of University Communications can also manage the dissemination of emergency information to the larger community through web-based social media, a variety of media outlets and a well-developed network of community contacts.

All on campus emergency notification and alert systems are coordinated by the Assistant Vice President for Campus Safety & Chief of Police (or designee) to ensure a state of readiness. The four system operators take turns monthly sending test messages to each other to test the system and keep their operating skills sharp. The Assistant Vice President for Campus Safety & Chief of Police (or designee) will conduct an annual review of operating policies and procedures for each system and a campus-wide system test will be conducted at least once during the spring and fall semesters. The “All Campus” test will be conducted once each semester, to ensure that new students, faculty and staff will have the opportunity to become familiar with the process and fully participate. An e-mail notice will be sent several days in advance of each test, to allow people to update their contact information and to avoid any undue alarm.

Information Technology Services and Human Resources are collaborators in maintaining the campus mass notification system and the San Francisco Department of Emergency Management and the San Francisco Department of Electricity are partners in the maintenance and testing of the Outdoor Alert System.
Evacuation Procedures

Upon activation of the fire alarm system or upon receiving an emergency notification with directions to evacuate a location, all persons shall immediately evacuate the campus buildings by proceeding towards the nearest exit and follow any directions provided by “safety coordinators”. While evacuating, remain vigilant for dangerous or criminal activity, and report such observations to the police, as soon as possible. Familiarize yourself with the evacuation procedures for any building; also locate the nearest exit, fire extinguishers and other safety related equipment.

As part of the University’s Multi-Hazard response plan, there are “safety coordinators” know as floor wardens on each floor of every building on campus. There is one “building coordinator” for each campus building and their information can be located at: http://sfstatefacilities.sfsu.edu/content/sf-state-building-coordinators. Building Coordinators also serve in the function as Building Emergency Response Coordinators (BERCS) and have designated authority and responsibilities in preparation for and during an emergency. For additional information on the SF State Emergency Operations Plan, you can view it at SF State Emergency Operations Plan.pdf.

Pursuant to procedures established by the CSU Emergency Management Program (see Executive Order 1056.pdf), Evacuation drills are completed annually, during the month of October, Emergency Preparedness Month.

In the Residence Halls, Residential Assistants and other Residential Life staff assist the University Police Department, office of Environmental Health & Safety and San Francisco Fire Department in evacuating buildings during the drills. The office of Environmental Health & Safety assesses and evaluates evacuation procedures for each evacuation drill. Tests of emergency response and evacuation procedures may be announced or unannounced.

At the completion of each exercise or simulated emergency incident, full documentation of test results and lessons learned shall be documented in the form of a Corrective Action Plan or After Action Report, reviewed with the emergency management team, and maintained by the EPC. The After Action Report will also include a description of the emergency response and evacuation exercise, the date, time, and whether it was announced or unannounced. Activation of the EOC in response to an actual emergency or disaster will count as “training” provided such emergency is appropriately documented and discussed with the Emergency Management Team.

Missing Student Policy: Residential Life at San Francisco State University

It is the policy of Residential Life at SF State to investigate any report of a missing student living in one of the University’s residence halls or apartments. All students residing in a campus residence hall or apartment are requested to complete and Emergency Contact form upon completing their License Agreement. The License Agreement is collected in advance of the student checking in to University residences. The student is asked to identify the name and contact number of the individual(s) who is to be contacted in the event of an emergency. This contact information is confidential and may not be disclosed, except to authorized campus officials and law enforcement personnel in furtherance of a missing person investigation.

SF State understands that students may make individual arrangements to stay outside of the University residences. As such, the location of students in the halls and apartments is not monitored by Residential Assistants or other University staff. However, if there is a reason to believe a student is missing, all reasonable efforts will be made by Residential Life staff to locate the student to determine his/her state of health and well-being. These efforts include, but are not limited to, checking the student’s room, speaking with friends and/or roommates, checking ID and meal access and calling the student’s cell phone number. If at any point in the process of trying to locate the student a Residential Life staff
member determines there is a credible threat to the well-being of the student reported as missing, the University Police Department will be contacted immediately.

If known contacts do not confirm the student’s whereabouts and there does not appear to be a probable threat to the well-being of the student reported missing, Residential Life staff will notify the Associate Dean- Director of Residential Life and write an Incident Report detailing the efforts to locate the student reported as missing. The Associate Dean- Director of Residential Life will contact the Interim Associate Vice President & Dean of Students reporting all obtained information. The Dean of Students will in turn notify the Vice President for Student Affairs & Enrollment Management.

When a residential student has been missing for 24 hours, students, employees or other individuals not affiliated with the University should make a report to Residential Life, the Office of the Vice President for Student Affairs & Enrollment Management or the University Police Department. If upon investigation by the University Police Department the student is determined missing, staff from the University Police Department and/or Student Affairs & Enrollment Management will contact the resident’s designated Emergency Contact within 24 hours. For any non-emancipated student under the age of 18, San Francisco State University will notify a custodial parent or guardian, in addition to any other individual designated on the Emergency Contact form, with 24 hours of the University Police Department determining that they are missing. University Police will continue to investigate, utilizing established procedures in collaboration with staff from Residential Life, other campus offices and local law enforcement agencies. University Police will make contact with the student’s parents or legal guardian when an Emergency Contact form cannot be located or has not been provided.

The Missing Student Policy is available on the Dean of Students website, and can be accessed directly here: [Missing Student Policy SF State Residential Life.pdf](Missing Student Policy SF State Residential Life.pdf)
Fire Safety Report

Campus Fire Safety Right-to-Know Act

The Campus Fire Safety Right-to-Know Act is an amendment to the Higher Education Opportunity Act. This amendment serves to increase campus fire safety awareness across the nation, providing students and their families with the fire safety records of colleges and universities. Signed into law by President George W. Bush on August 14, 2008, this amendment requires post-secondary institutions to publicly display fire safety information and statistics, much as they already do with other safety statistics such as campus theft and assault. This information provides prospective and current students of the policies, concerns and fire safety conditions that are present at the institution in which they have applied or are enrolled.

Fire Drills and Safety

Fire alarm pull stations are located in public areas of the Residence Community. If you smell or see smoke or fire, go to a pull station and pull the lever to activate the building alarm. After pulling the lever, you must immediately evacuate the building and then call 9-1-1 or 415-338-2222.

To discourage false fire alarm pulls, protective covers have been installed over the fire alarm pull stations in some areas. To use the pull station, first pull up the cover. This will set off a local alarm in the pull station. This does not activate the building alarm. To activate the building alarm, you must then pull down the lever inside the protective cover.

In accordance with the University policy, a fire drill is conducted in every residence building each semester on day and evening shifts. Staff members take part in the drill and help evacuate the building. The purpose of these fire drills is to test the building fire alarm system and familiarize residents with the correct procedures should an actual evacuation be necessary. Evacuation procedures for each individual building are posted in the elevator lobby of each floor. Residents are advised to read the procedures so they will know the location of all emergency exits in their building. Evacuation guidelines are also posted on the back of most resident room or apartment doors.

Additional fire safety information can be accessed here on the Residential Life website at: http://www.sfsu.edu/~reslife/firesafety.html.

Fire Safety Training – Student Residents

Fire safety training for student residents starts before they reach campus and is ongoing throughout the year. When students sign up for on-campus housing they receive a packet in the mail before the school year begins. Included with the packet is literature that outlines fire safety policies and procedures.

Fire and Evacuation Information for Student Residents

At the First Indication of Fire:
1. Set off the nearest fire alarm. Do not try to fight the fire yourself.
2. Call 9-1-1 to report the fire from the nearest telephone.
3. Before passing through any closed doors, feel the door with your hand. DO NOT touch the doorknob. If the door is hot, DO NOT OPEN THE DOOR.
4. Before opening the door, brace yourself against the door and open it slightly. If heat or heavy smoke is present, close the door and remain in the room.

5. Leave the building immediately through the main fire exit indicated on the map displayed on the back of your room door and in the elevator lobbies of the building. DO NOT use the elevators. DO NOT assume a fire alarm is false. DO NOT stop to take valuables.

6. Because stairwells may also draw smoke, only designated fire exit stairwells should be used. The center stairwells in Mary Park and Mary Ward Halls are designed to provide adequate fire exit ventilation and should be used. These stairwells are safer than the end stairwells and should be used unless access to them is impeded. Residents of the Towers and the Village should use the end stairwells in case of a fire.

7. Remain away from the building in the assembly area until the Police Department, Fire Department or senior staff members give the all clear.

8. Follow instruction of the University Police Department and University officials at all times.

Residents who do not immediately evacuate the building during a fire alarm are subject to disciplinary action.

If you are trapped in Your Room/Apartment during a Fire:

1. Keep low to the floor if there is smoke in the room. The majority of oxygen is present near the floor.
2. Place a towel at the base of the door to prevent smoke from entering the room.
3. Attract the Fire Department’s attention by hanging an object (bed sheet, jacket, etc.) out of the window.
4. Call the University Police Department by dialing 9-1-1 (from a hard wired phone) or 415-338-2222 immediately and report your situation. Be sure to give the name of your building and your room number.

There are two (2) rescue assistance areas located on the 4th floor of Mary Park Hall designed for residents with mobility issues who may not be able to easily evacuate the building. These rescue assistance areas are equipped with a magnetic fire door to block smoke and heat and an intercom system which connects anyone inside to the University Police Dispatcher. If you are a resident with a mobility condition which limits your ability to easily evacuate the building, you may use these two (2) rescue assistance areas to call for help.

Fire Safety Training – Professional Staff

University Housing Staff (Including Resident Assistants) attend bi-annual training sessions, in which fire/life safety procedures are discussed along with other emergency preparedness topics. This training is presented by the department of Residential Life in consultation with the campus department of Environmental Health and Safety. Special building related concerns are discussed in this forum and then those topics are passed to the building occupants through floor/section meetings that are held on regular intervals. If an event takes place in one of the Residence Halls where the fire alarm was activated, each Resident Assistant talks about that incident with their group of students to use it as a learning opportunity and to hopefully deter a repeat of that event if there were any issues.

Fire and Evacuation Information for Professional Staff

Actions to take if you discover a Fire

At the first indication:

1. Safeguard life and isolate the fire.
2. Close all doors on your way out of the room. DO NOT LOCK DOORS.
3. Report fire and/or smoke by activating the nearest fire alarm.
4. Call the University Police Department by dial 9-1-1 (from a hard wired phone) or 415-338-2222.
5. Slowly, state "I want to report a fire". Give your location (building, floor, and room number).
6. DO NOT ATTEMPT to fight a fire alone. Report the fire immediately to 9-1-1 (from a hard wired phone) or 415-338-2222. Firefighting should be delegated to trained firefighters. The possible exception would be a minor fire which could be extinguished with a portable fire extinguisher. Be sure to use the correct type of extinguisher.
7. Direct those persons in the immediate vicinity to assist in the fire in the fire containment and to notify the Building Emergency Coordinator.
8. Beware of special hazardous materials requiring special firefighting precautions.
9. When the building evacuation/fire alarm is sounded or when you are told to leave by police personnel or by the Building Emergency Coordinator walk quickly to the nearest marked exit and alert others to do the same.
10. ASSIST those persons who are disabled in exiting the building! Do not use elevators during a fire.
11. If you become trapped in a building during a fire and a window is available, place an article of clothing (shirt, coat, etc.) outside the window as a marker for emergency personnel. If there is no window, stay near the floor. Smoke is the greatest danger in a fire so stay near the floor where the air will be more breathable. Shout at regular intervals to alert emergency personnel of your location.
