AVAILABILITY, LOCATION, AND METHODS TO SUMMON LAW ENFORCEMENT ASSISTANCE

Enforcement and Arrest Authority
The San Francisco State University Police Department (UPD) is located on North State Drive, near the Lot 20 parking structure and Student Life Event Center. The University Police Department provides police services 24 hours a day, 7 days a week to our community. University Police Dispatch can be reached directly by phone at 415-338-7200.

The University Police Department maintains primary jurisdiction over the campus community and SF State owned buildings and housing properties via a Memorandum of Understanding with the San Francisco Police Department.

In addition to the main campus, SF State maintains a teaching center in Downtown San Francisco and remote research facilities located in Tiburon and Sattley, California. While we do not employ University police officers at these locations, we maintain a collaborative relationship with the local law enforcement agencies that are responsible for the safety at these sites and will coordinate with agencies if a security issue arises.

SPECIAL SAFEGUARDS FOR FACILITIES OR ACTIVITIES

Security of and Access to Campus Facilities
All buildings, except the library, are secured by the University Police Department by 11 p.m. on weekdays and 5:30 p.m. on weekends, per University Executive Order 94-17. We recognize that there will be some need for after hour and weekend access to buildings. After hours, a faculty or staff ID is required. Anyone working late or on weekends should notify the University Police Department. Students working in a building after hours are required to have in their possession a student pass (authorized by college deans) along with photo identification. In the event of a campus closure due to an emergency response effort, access to buildings will be determined on a case-by-case basis and approved in writing to campus administrators and offices. Community members shall comply with authorized campus closure directives when provided. Holiday access is treated as weekend access.

Access to University Housing facilities is limited to residents, escorted guests and University staff. Entry is monitored on 24-hour basis through a combination of card-key security systems, hard keys, door prop alarms and on-duty Residential Life personnel. The campus facilities are maintained by Facilities & Service Enterprises and patrolled by UPD officers. The majority of campus buildings are equipped with card key access that is controlled by an access administrator. Many offices, labs, computer rooms and areas of campus have security alarms. All campus facilities have key and card key-access, most being open daily for scheduled campus community use. The Residential Life Department issues card key access for its residents. Campus key control and distribution is a function of Facilities & Service Enterprises. To provide for the security of campus facilities, the UPD enforces Educational Code 89031 & Housing Policies. Campus facility access may be revoked, per Penal Code 626.

Security Considerations Used in Maintenance of Campus Facilities
The University Police Department is responsible for implementing the security of all campus facilities. Personnel perform daily building lock-up and provide information on maintenance issues with campus lighting, door locks and general environmental safety, in conjunction with Facilities & Service Enterprise. Regular inspections and surveys of campus Emergency Blue Light Phones are conducted in collaboration between Facilities & Service Enterprise, University Police Department, and Information Technology Services.

New Student Orientations
University Police personnel provide personal safety tips and emergency contact information to new students on a regular basis. Students are informed of policies, voluntary confidential crime reporting procedures, and safety programs.

New Employee Orientations
